welcome ...

... to unparalleled North Sea camping in the North Sea spa village of Dornumersiel

Those who love nature, the dykes, the Wadden Sea and the North Sea beaches will just adore Campingplatz am Nordseestrand. Here, North Sea fans have everything that makes the perfect seaside holiday – such as the largest kite spot on the East Frisian North Sea coast.

Families can explore the Wattenmeer national park by the beach, book a boat trip to visit the seal colonies or the North Sea island of Langeoog, join the national park rangers on a mudflat explorer safari or take a stroll through the small "Siel" village with its sluice gates – to watch the boats, eat fish rolls, count the sea-gulls and much, much more.

It's a well-known fact that North Sea air is good for the soul and also excellent for the constitution. As an official North Sea spa village, Dornumersiel offers a wide range of treatments that harness the power of the sea, including therapies in the Therapie- und Wohlfühlzentrum or at the heated seawater lido and breathing in the vapours in the Inhalationshaus.

„Freilenzen“ between the dyke and the Wadden Sea

Just letting things be and actively doing nothing at all are also an important part of a camping holiday in Dornumersiel. We've even invented a word for it – „Freilenzen“. Derived from the German words for leisure time and lazing about, it's a way of life.

Yes, that's right. When you stay with us you can feel free to be lazy, take in gorgeous views and just let your mind wander.

Our Romany caravans and North Sea trailers are the ideal place to do this and these quaint forms of accommodation are available for rent. The wooden wagons ensure couples enjoy a cosy and close-to-nature glamping holiday.

North Sea trailers

Our two North Sea trailers are real eye-catchers. The spacious 4.40 x 2.30 metre wooden trailers are also based on a historical ancestor, the shepherd's hut. The solid wood trailers boast modern, high-quality equipment: a double bed, a wardrobe, a kitchenette with a cooker and fridge, as well as a cupboard and a lovely dining area by the window. The trailers can be heated on chilly days. You can enjoy the view of the North Sea and the distant horizon from the veranda.

But the location of the Romany caravans and North Sea trailers is not only ideal in terms of the view: the washrooms, shop, snack bar and restaurant, as well as the heated seawater lido and the leisure activities, are within quick and easy reach.

Then just hire the „Nordsee-Flitzer” electric car from us.*

With the Nordsee-ServiceCard and your credit card, you can take a trip free of charge for up to four hours. Our North Sea electric runabout is an environmentally-friendly car that is virtually silent and includes convenient features, such as air conditioning and a navigation system.

SEA ACCESS
FROM THE DOG
PARK

At our camp site, you can spend carefree holidays on the North Sea coast in the company of your dog. We have **58 pitches** in two separate pitch areas for dog-loving campers. Dogs must be kept on a lead throughout the camp site.

Although Dornumersiel doesn't have a designated dog beach, the „Hellerpad“ dog trail runs along the high tide line to the west of the main beach area. It features a dog park with wicker beach seats. Here is a dog meadow with beach chairs set up, from which you can also let the dog into the water to cool down on the long leash. The dog park is situated right next to the beach, meaning you don't have far to go if you want to swim in the sea or stroll along the mud flats. Your four-legged friends must also be kept on a lead on the „Hellerpad“ trail and in the dog park. Many important information for dog owners on the subject of „holidays with dogs“ can be found in our dogflyer. You will receive the small brochure in the campsite reception or for downloading and ordering at www.dornum.de.

Dog-walking routes

For long walks with your dog, Dornumersiel not only has the „Hellerpad“ but also the „Altensie-ler Wanderweg“ circular walk, the path around the „Mahlbusen“ and „SeeparkWest“, as well as the dyke protection paths on the land side of the dykes.

If you prefer to spend the night at a separate camper van site, then stay at our “Nordseeblick” park, designed specifically for camper vans, right next to our camp site.

The “Nordseeblick” camper van site is located on the seaward side of the dyke in the Niedersächsisches Wattenmeer national park. It boasts 38 comfortable camper van pitches which nestle between the kite park and the sea dyke. The site is covered with grass pavers.

The pitches are separated by artistically carved wooden mooring stakes. Guests can thus book the pitches by name – a charming touch. Several low embankments protect the site from the wind and create a relaxed atmosphere. 27 pitches with an area of 5 x 10 m are ideal for large camper vans, and 11 pitches are reserved for the smaller vans. These pitches are 7 m deep and they also feature embankments as well as seating.
