As I stand on the dyke,
I take in the overwhelming intensity of the wide open sky,
the towering cloud formations and nature's wonderful
array of colours – verdant salt marshes, white sand and
the silver-grey lustre of the endless Wadden Sea.
I can feel the wind in my hair and smell the sea.
As I breathe in and breathe out.
This is "Freiilenzen".

come and "freilenzen" with us

... during an unparalleled North Sea camping experience in the North Sea spa village of Dornumersiel

Those who love nature, the dykes, the Wadden Sea and the North Sea beaches will just adore Campingplatz am Nordseestrand. Here, North Sea fans have everything that makes the perfect seaside holiday – such as the largest kite spot on the East Frisian North Sea coast.

Families can explore the Wattenmeer national park near the beach, book a boat trip to visit the seal colonies or the North Sea island of Langeoog, join the national park rangers on a mudflat explorer safari or take a stroll through the small "Siel" village with its sluice gates – to watch the boats, eat fish rolls, count the seagulls and much, much more.

It's a well-known fact that North Sea air is good for the soul and also excellent for the constitution. As an official North Sea spa village, Dornumersiel offers a wide range of treatments that harness the power of the sea. For example, visitors can enjoy therapies in the Therapie- und Wohlfühlzentrum or at the heated seawater lido and breathe in the vapours in the Inhalationshaus.

"Freilenzen" between the dyke and the Wadden Sea

Just letting things be and actively doing nothing at all are also an important part of a camping holiday in Dornumersiel. We've even invented a word for it – "Freilenzen". Derived from the German words for leisure time and lazing about, it's a way of life.

Yes, that's right. When you stay with us, feel free to be lazy, take in gorgeous views and just let your mind wander.

Our Romany caravans and North Sea trailers are the ideal place to do this, and these quaint forms of accommodation are available for rent. The wooden wagons ensure couples can enjoy a cosy and back-to-nature glamping holiday.

camping with a prime location

Just perfect for everyone

At our Campingplatz am Nordseestrand, covering approximately 3 hectares, around 300 generously-sized pitches for caravans and camper vans, 50 tent pitches, 53 pitches for those with dogs and 9 rental accommodation units can be hired from **April to October**.

The site is covered with grassed gravel, the pitches are marked out and boast a high-capacity power supply (16A). From 1 p.m. to 3 p.m., the entrance barrier is closed, and the reception is shut between 1 p.m. and 2 p.m. Arrivers can complete the registration formalities from 2 p.m. onwards and, from 3 p.m., they have access to the site.

The dyke is all that divides the camp site from the tranquil cutter harbour. The centre of Dornumersiel, with its supermarket, cycle hire shop, spa facilities, restaurants and cafés, is just a 10-minute walk away. Strolling around the village, you can't miss the "Mahlbusen", a small and idyllic reservoir that is perfect for exploring on foot, angling and taking a trip in a pedalo. "SeeparkWest" – a maritime-themed spa garden – is located on its western side.

... real eye-catchers.

North Sea trailers

Our two North Sea trailers are real eye-catchers. The spacious 4.40 x 2.30 metre wooden trailers are also based on a historical ancestor, the shepherd's hut. The solid wood trailers boast modern, high-quality equipment: a double bed, a wardrobe, a kitchenette with a cooker and fridge, as well as a cupboard and a lovely dining area by the window. The trailers can be heated on chilly days. You can enjoy the view of the North Sea and the distant horizon from the veranda.

But the location of the Romany caravans and North Sea trailers is not only ideal in terms of the view: the washrooms, shop, snack bar and restaurant, as well as the heated seawater lido and the leisure activities, are all within quick and easy reach.

SEA ACCESS
FROM THE
DOG PARK

At our camp site, you can spend carefree holidays on the North Sea coast in the company of your dog. We have allocated an area with **36 pitches** to dog-loving campers. Although your pooches must be kept on a leash throughout the camp site, there is a small lawn right next to the dog-friendly pitches where they can play off-leash.

While Dornumersiel doesn't have a designated dog beach, the "Hellerpad" dog trail runs along the high tide line to the west of the main beach area. It features a dog park with wicker beach seats from where you can put your canine companion on the long leash and let it enjoy a cooling splash in the water. The dog park is situated right next to the beach, meaning you don't have far to go if you want to swim in the sea or stroll along the mud flats without your dog. Your four-legged friends must be kept on a leash throughout the parish of Dornum. Our "Urlaub mit Hund" flyer contains lots of important information for dog owners about holidaying with their pets. You can get a copy of the small brochure (available in German only) at the camp site reception or download/order it at www.dornum.de.

Dog-walking routes

For long walks with your dog, Dornumersiel not only has the "Hellerpad" but also the "Altensieler Wanderweg" circular walk, the path around the "Mahlbusen" and "SeeparkWest", as well as the dyke protection paths on the land side of the dykes.

Dog waste stations

In Dornumersiel, 15 dog waste stations with free dog poo bags are situated at the most popular locations and on the camp site. Free poo bags are also available at the camp site reception and at the beach pay points.

If you prefer to spend the night at a separate camper van site, then stay at our “Nordseeblick” park, designed specifically for camper vans, right next to our camp site.

The “Nordseeblick” camper van site is located on the seaward side of the dyke in the Niedersächsisches Wattenmeer national park. It boasts 38 comfortable camper van pitches which nestle between the kite park and the sea dyke. The site is covered with grass pavers.

Artistically carved wooden mooring stakes separate the pitches. Several low embankments protect the site from the wind and create a relaxed atmosphere.

27 pitches with an area of 5 x 10 m are ideal for large camper vans, and 11 pitches are reserved for the smaller vans. These pitches are 7 m deep and they also feature embankments as well as seating.

NEW "AM ALTEN HAFEN" CAMPER VAN SITE

Pitches in a tranquil location

The tranquil camper van site with 30 convenient pitches in Dornumersiel is protected from the wind and located directly on the former harbour in the fishing hamlet of Accumersiel. Where fishing cutters used to moor, an attraction has been created that now houses restaurants, an ice cream parlour and the "2-Siele-Museum" in the former homes of the fishermen. Sit in a wicker beach seat and enjoy the atmosphere of the old harbour. The interactive "National-park-Haus" museum and the idyllic "Mahlbusen" reservoir, with its many ancient trees, are both close by – they're great places to spend an hour or two, not only when the weather is good. A bakery and a supermarket are less than 100 metres away.
